CLAT Townhall: NUJS Faculty on All You Need To Know About Quantitative Techniques for CLAT 2020

CLAT 2020 is right around the corner.

This year's CLAT is not like any other yet.

Apart from the fact that the world is battling the pandemic of the century, the exam is unlike any of it's previous versions.

Last year, not only did the format of the exam changed, a few subjects were changed altogether.

One of the subjects to undergo a complete change was the Maths section. In the new format, the paper is now Quantitative Techniques.

What is quantitative techniques?

What to expect from this section?

How to tackle Quantitative techniques?

If you have such questions, you have come to the right post.

In this CLAT Townhall by CLATalogue and CLATapult, Swati from CLATapult, who teaches this subject at the Kolkata center explains all you need to know about this section.
