Introduction

CLAT 2024 was held on December 03, 2023 from 2:00 P.M. to 4:00 P.M. The test was conducted across 139 Test Centres across the country. In this CLAT PG 2024 Analysis, we will go through the section-wise detailed analysis of the paper. Also, we will take a look at the difficulty level of questions, the pattern of the exam, and the weightage of topics.

Our CLAT PG 2024 Exam Analysis will include:

1. Subject wise division of questions
2. Difficulty level of the questions
3. CLAT 2024 Question Paper

- 4. CLAT 2024 Answer Key
- 5. CLAT 2024 Expected Cut off

Changes in the CLAT PG 2024 Pattern

The Common Law Admission Test for Postgraduate Studies (CLAT PG) in 2024 introduced a paradigm shift, significantly diverging from the traditional pattern that candidates were accustomed to.

This year's examination featured a remarkable increase in both the number of passages and questions, presenting a unique set of challenges for aspirants. The test comprised a staggering 24 passages, each accompanied by five questions, contributing to the overall length and complexity of the examination.

Despite the perceived moderate difficulty level, the voluminous content proved to be a daunting hurdle, impacting many candidates' ability to complete the exam within the allocated time.

Weightage of Subjects in CLAT PG 2024

The following subjects had more weightage in the exam:

1. Constitutional Law (3 passages)
2. Criminal Procedure Code (CRPC) (5 questions)
3. Indian Penal Code (IPC) (5 questions)
4. Evidence Act (5 questions)
5. Jurisprudence and Companies Act featured prominently. Jurisprudence, with ten passages, emerged as a significant focus, reflecting its substantial weight in the examination.

The inclusion of tort Law, with a particular emphasis on negligence, was an unexpected addition, providing a new dimension to the exam.

Certain subjects experienced a reduction in the number of questions compared to previous years. These included the Industrial Disputes Act, Contract Act/SRA, Environment Law, TPA, International Law, IOS (types of IOS), Income Tax Act, and Personal Law. The shift in emphasis

indicated an evolving landscape in terms of subject priorities.

CLAT PG 2024 Analysis

- There was an unexpected increase in the number of passages as well as the difficulty level of questions.
- The number of passages and questions made the paper lengthy and made the paper difficult to complete within given time.
- However, the overall difficulty level of the paper can be said to be moderate.

It's noteworthy that the challenges primarily emanated from the sheer length of the paper rather than the intrinsic difficulty of individual questions. Candidates with a robust conceptual understanding found the paper more manageable, while those relying on memorization faced a considerable challenge.

Jurisprudence questions were notably straightforward, deviating from the complex and nuanced questions seen in previous years. Public International Law maintained a moderate difficulty level, with variations between passages. Criminal law passages were generally considered easier, signaling a lesser emphasis on this area in the exam.

A striking departure was observed in the Specific Relief Act questions. Unlike previous years, questions were rooted in the object and reason of the Act rather than specific provisions or case laws. This shift underscored a growing emphasis on candidates' ability to comprehend the underlying principles of laws, moving away from a rote memorization-centric approach.

The examination displayed a shift away from recent case laws, with only five passages covering cases from 2023. A notable decrease in the emphasis on cases from 2021 was observed, while cases from 2022 garnered more attention. The reduced focus on recent cases suggested a shift towards building legal reasoning on stable foundations provided by landmark cases.

The timeline of cases spanned from the 1970s to 2023, covering a diverse range of legal precedents. The sample papers that the consortium released foreshadowed this diversity, giving candidates a wide range of options for legal analysis.

Passage-wise CLAT PG 2024 Analysis

Passage I

Legal Concept: Rules of Natural Justice

Summary: Discusses the evolution and application of natural justice rules to administrative and quasi-judicial inquiries, emphasising the flexibility of their application.

Difficulty: Moderate

Ideal Attempts: 3-5

Passage II

Legal Concept: Interpretation of Statutes

Summary: Explores the court's approach to interpreting statutes in A.K. Kraipak, focusing on the application of natural justice to administrative inquiries.

Difficulty: Easy-Moderate

Ideal Attempts: 3-5

Passage III

Legal Concept: Promissory Estoppel

Summary: Discusses the doctrine of promissory estoppel, the public interest exception, and the principles established in Shree Sidhballi Steels.

Difficulty: Moderate

Ideal Attempts: 3-5

Passage IV

Legal Concept: Federalism in Indian Context

Summary: Examines the asymmetric federal model for NCTD, highlighting the unique federal relationship between the Union and NCTD in the context of cooperative federalism.

Difficulty: Moderate-Difficult

Ideal Attempts: 3-5

Passage V

Content: The passage discusses the power of a magistrate to take cognizance based on a police report and whether the magistrate can compel the police to submit a charge sheet.

Legal Concept: Powers of a magistrate in accepting or rejecting police reports under the Code of Criminal Procedure

Difficulty Level: Moderate

Ideal Number of Attempts: 3-5

Passage VI

Content: The passage explores the legal aspects of provocation and self-defence in the context of criminal offences. It also mentions a specific case.

Legal Concept: Exceptions to Section 300 IPC, Provocation, and defences in criminal cases.

Difficulty Level: Easy-Moderate

Ideal Number of Attempts: 3-5

Passage VII

Content: The passage discusses the burden of proof in criminal cases, especially concerning insanity as a defence. It mentions the presumption of innocence and the burden on the accused.

Legal Concept: Burden of Proof, Presumption of Innocence, and the Standard of Proof in Criminal Cases

Difficulty Level: Easy-Moderate

Ideal Number of Attempts: 3-5

Passage VIII

Content: The passage delves into the liability of the government for tortious acts, citing constitutional provisions and past cases. It emphasises the principle that the government can be

held liable for damages in cases of constitutional torts.

Legal Concept: Government liability for tortious acts and constitutional torts

Difficulty Level: Easy

Ideal Number of Attempts: 3-5

Passage IX

Content: This passage focuses on the liability of hospitals for the negligence of their staff, especially in the context of medical treatment. It discusses the burden of proof on hospitals once negligence is established.

Legal Concept: Negligence in medical treatment, hospital liability, and burden of proof.

Difficulty Level: Easy

Ideal Number of Attempts: 4-5

Passage X

Legal Concept: Precautionary Principle, Environmental Rule of Law

Summary: The passage discusses the application of the precautionary principle in environmental governance, emphasising the duty of the state to prevent environmental harm proactively. It introduces the concept of the environmental rule of law, highlighting its role in creating structures for environmental protection through a multi-disciplinary approach.

Difficulty Level: Easy

Ideal Number of Attempts: 4-5

Passage XI

Legal Concept: Doctrine of Frustration, Force Majeure

Summary: This passage explores the legal aspects of the frustration of contract, emphasising the multi-factorial approach required. It also discusses force majeure clauses and their diverse forms, clarifying their role in excusing non-performance under certain circumstances.

Difficulty Level: Easy

Ideal Number of Attempts: 3-5

Passage XII
