You will learn these important skills from industry experts:-

1. Get a Real-World Grip on IPR & TMT Laws: We'll go beyond textbooks and into the practical side of Intellectual Property and Technology laws. You'll learn how these areas work in legal practice, from protecting creative assets to navigating digital compliance.
2. Master Trademark Basics Like a Pro:- We'll walk you through the how-to of trademark law: how to search for existing trademarks, file your own, handle objections, and manage IP portfolios. It's the kind of hands-on skillset law firms expect and internships reward.
3. Understand the DPDP Act (and Why Businesses Care):- The Digital Personal Data Protection Act, 2023 has changed the way personal data is collected and handled. You'll learn what it means in simple terms, and what lawyers need to know to keep clients compliant and out of trouble.

1. Copyright Licensing Agreement:- Build the capability to draft essential clauses in a copyright license, including the scope of use, territory, duration, royalties, warranties, and termination terms. Learn how to tailor clauses to suit different licensing scenarios and ensure legal enforceability while protecting client interests.

Why do we do these workshops?

We do these workshops for 2 reasons:

- To give students of law in India a taste of practical legal skills.
- To allow the students to experience what Lawctopus Law School has on offer, so that they can make an informed choice about registering for our long-term courses.
