FAQs:

1. Do we have a live class every day?

No. We conduct weekly live sessions the schedule for which is announced in the beginning of the course. There are **7-8 live sessions** in total PLUS a live, real moot court competition. Out of the 7-8 sessions, one is an orientation session (which tells you to gain the full value of the course), and one is a closing session (where we reflect on our journeys and give you advice on how to be on a path of continuous learning). The other 5-6 live sessions operate like workshops, are 90 minutes long, require preparation/reading, build upon what's there in the recorded lectures and the reading modules, and answer your questions.

2. How many hours should I spend every day to complete the course?

We suggest that you spend approximately **4 hours/week** in doing the course. When you spend these 2-3 hours is up to you. You may spend around 40 minutes each day or do it over the weekend.

3. I don't have a clue about mooting. Can I do this course?

If you haven't done mooting at all, this course is exactly what you need. We'll take you from the basics to the advanced aspects. If you have had some mooting experience, but aren't progressing well in your journey, this course will teach you the advanced topics, plus tell you where you are going wrong (when you do the live, online moot)!

4. When does the moot competition happen?

The moot competition (which is a part of the course) happens between the 5th and the 8th week of the course. The dates are announced in advance. While we are strict about the dates, extensions due to things like exams or illness are considered in a fair manner.

5. The course duration is for 2-months. Can I access the course after 2 months are over?

Yes, you can access the course for a *total of 4 months* [2 months to complete the course + 2 months to review the course]. Please note that the course is complete by the end of the 2nd month. You can even watch the recorded versions of the live sessions which are recorded for that batch only. However, if you want to revisit and revise the material in the course, you can do that for 1 month after the completion of the course. So the access is given for 4 months.

6. What if I miss a live class?

We encourage you to attend the live classes after thorough preparations. Just like the real **charm of a live match/performance** is watching it live, the real value of a live class is in attending it live! A lot of new, practical things are covered; and of course, your questions are addressed too. However, if you miss the live class, you can watch the recorded version of the live class which is uploaded for the specific batch only.

7. How will this course help me in my career?

Moots develop your research and writing skills, your speaking and argumentative skills, and your softer skills like teamwork, project management, etc. A good mooter is always looked upon highly by most recruiters! A prize-winning performance in moots can land you in internships, or even jobs. The best way moots help you is they create intensive learning experiences, and unforgettable memories, by the end of which you emerge a better person!
