Course on Copyright – Law and Practice

Copyright Law is one of the most dynamic laws under the IPR regime and has boomed in the last few years.

With the technological advancements, businesses, big and small, especially in creative and technological sectors, have become conscious of their Intellectual Property in general and Copyrights in particular.

This course has been developed with the intention to help students and young lawyers become a master of the subject and will help the learners acquire strong practical knowledge about the subject.

Contents of the Course

1. An orientation session that explains how to make full use of the course
2. Rigorously researched reading resources

3. Recorded video lectures covering the length and breadth of copyright law.
4. A discussion forum to resolve all your doubts
5. Assignments (both objective and essay-type)
6. Whatsapp and email groups for constant communication
7. Four, 90-minute long live sessions which build upon the course material

The Lawctopus team gets 100% behind its students, keeping them informed via regular emails, Whatsapp groups, and even phone calls (if you are lagging behind the assignments) and you can rest assured of excellent delivery of a quality course.
