Questions on Seating Arrangement for CLAT; Answers Explained with Pictures!

Entrance exams like CLAT, LSAT etc are designed to analyse the aptitude of a candidate. The section relating to Logical Reasoning, specifically, helps judge the reasoning capabilities of a student.

This section can be aced by practicing numerous questions to familiarise oneself with types of questions and the techniques best suited for them. In Logical Reasoning, questions relating to seating arrangement are fairly common.

Here is a quick practice test:

Passage 1

Six panellists Sam, Samiksha, Samar, Sameer, Sameena and Samyuktha are sitting on the stage for a Mental Health Seminar. Analyse the conditions given below and answer the questions that follow:

- All the panellists are facing north
- Samyuktha is a female and is sitting second to the left of Samar who is not a female.
- Samiksha is not sitting at the edge and is sitting third to the right of Sameena.
- One person is sitting between Sameena and Sameer and he is a male.
- Samar is sitting on the immediate right of Sameena who is not a female.
