Are you STILL looking for more reasons to join Unacademy?

Let’s take a look at the prime highlights of our subscription.

Live Classes

Online learning does not mean pre-recorded lectures and heaps of pdf files, even though technology has bridged the gap between the teacher and the student, we ensure that the essence of a real classroom is not lost in our classes so that doubt can be cleared as soon as it is raised.

Doubt Clearing Live Classes

We understand that a normal live class can not entertain endless doubts since the syllabus needs to be completed but that does not mean the doubts are ignored. We hold dedicated doubt clearing live classes by top educators so that all the confusion in the topics can be cleared in real-time.

Doubt clearing via pictures

Learners learn at their pace and time. We understand that while our students are busy with self-studies, there may be doubts that arise and that it may get lost if they wait for the next class to deal with it.

No worries, technology and our dedication towards excellence have solved this problem.

Simply click a picture and send it to us, one of our top educators will send the solution video (so that you understand the process) to you.

UNLIMITED Access

When we say unlimited, we mean it. There is no fair usage capping at Unacademy.
So take ONE subscription and you get access to all the batches that we have for CLAT.

- Want to learn in multiple batches?
- Feel like studying from various educators across batches?

Subscribe to Plus and get access to all our CLAT preparation batches.

Mocks and Test Papers

We hold a national mock test every week called Unacademy Law Aptitude Test (ULAT), within two hours of the test, we go live with the analysis. This is done for the students to keep a track of their progress weekly and know their mistakes within hours of taking the mock test.

In addition, we have thousands of practice questions for you to solve and brush your concepts.

No Language Barrier

Our classes are held in English/Hindi and a few other regional languages as well, so language does not become a barrier in learning. Although the exam is held in English, you can always work hard and gain the required expertise, while you're doing that, we'll continue to teach you in Hindi.

Flexible plans

- Still not too sure about it?
- Cannot afford the 1 and 2-year plans?

We have plans that you can subscribe for as little as one month.

As for affordability, ours is leaps and bounds cheaper than the offline coaching institutes out there. If we calculate the fee for one month, it comes to as low as INR 1200.

Are You Still Thinking 'Why Unacademy'?

We can understand your hesitation. This is the first year of our CLAT batches and if we were in your place, we would be having second thoughts.
